

Irish Red Cross

Türkiye and Syria Earthquakes

The school community at Scoil Naomh Feichin, Termonfeckin, donated €2,350 to the Irish Red Cross following a series of fundraising event in the school during March & April 2023. The money was donated in response to an appeal to support those in need following one of the most powerful quakes in Türkiye and Syria in at least a century. Over 2,300 people were killed as hundreds of buildings collapsed, and thousands more were injured.

Sincere thanks to all of the pupils, teachers and SNAs who organised events in the school and a huge thank you to parents and guardians for your generous donations.
